PLANTA PRIMER NIVEL

SCALE: 1:5

A diagram illustrating a relationship between two variables. The vertical axis on the left is labeled '6.05' and the horizontal axis at the bottom is labeled '3.00'. Two points, A and B, are plotted. Point A is located at the bottom left, corresponding to values 6.00 on the vertical axis and 6.00 on the horizontal axis. Point B is located at the top right, corresponding to values 3.00 on the vertical axis and 3.00 on the horizontal axis. A diagonal line segment connects point A to point B.

This architectural elevation drawing illustrates a building's facade across seven bays, labeled 1 through 7 at the bottom. The vertical axis shows height levels from N.P.T+/-0.00 to +7.46. Key features include:

- Bays 1-3:** Feature vertical columns of windows. Bay 1 includes a central entrance with glass doors and sidelights, flanked by vertical columns of windows. Circular callouts point to "ARREG/2 ADT" and "6 ADT".
- Bay 4:** Shows a single vertical column of windows.
- Bay 5:** Features a central entrance with glass doors and sidelights, flanked by vertical columns of windows. Circular callout points to "9 ADT".
- Bays 6-7:** Show a single vertical column of windows.

Vertical dimensions on the left side indicate levels: N.P.T+7.28, N.P.T+4.68, N.P.T+2.34, +2.00, and NPT+/-0.00. Horizontal dimensions at the bottom of each bay are all 3.00, except for Bay 3 which is -0.20. A small figure of a person is shown for scale in Bay 4.

ELEVACION FRONTAL

SCALE: 1:50

This architectural floor plan illustrates a building's layout across seven bays, labeled 1 through 7 from right to left. The plan shows various rooms, windows, and doorways. Elevation markers indicate heights at different points:

- +7.46 (top left)
- +7.28 (top right)
- N.P.T+4.68
- N.P.T+2.34
- +2.00
- 0.20 (bottom center)
- N.P.T+/-0.00 (bottom right)

The plan includes several key features:

- Rooms:** A large room in Bay 1 contains labels 1 AD1, 2 AD1, INV, and 6 AD1. Another room in Bay 1 has a label 5 AD1.
- Windows:** Numerous windows are shown throughout the plan, often featuring triangular or diamond patterns.
- Doors:** Several doors are indicated by open rectangles.
- Rooms with Hatching:** Some rooms are filled with horizontal or vertical hatching patterns.
- Bay Labels:** Bays are labeled 1 through 7 along the top and bottom edges.
- Ground Line:** A dashed line at the bottom represents the ground level, with a distance of 3.00 meters marked between bays.

The diagram shows a cross-section of a building with the following details:

- Vertical Levels:**
 - +7.32 (Top level)
 - +4.68
 - +2.34
 - N.P.T +/- 0.0 (Ground level)
- Rooms:**
 - BAÑO (Bathroom) located on the +2.34 level.
 - ESTAR (Living Room) located on the +2.34 level.
- Staircase:** A staircase is shown on the right side of the diagram, leading from the +2.34 level down to the N.P.T +/- 0.0 level.
- Dimensions:**
 - Width of the building section: 7.68
 - Height differences between levels: +7.32, +4.68, +2.34, and N.P.T +/- 0.0.
- Labels:**
 - Circles labeled A, B, and C indicate specific points or sections along the top edge.
 - A vertical dimension line on the left indicates a height of 7.52 between the +2.34 and +4.68 levels.
 - A vertical dimension line on the right indicates a height of 7.68 between the +2.34 and N.P.T +/- 0.0 levels.

CORTE A-A
SCALE: 1:50

SCALE: 1:50

This architectural cross-section diagram illustrates the vertical profile of a building's foundation and superstructure. The diagram is labeled with points A, B, and C at the top, corresponding to elevation markers.

Elevations:

- Point A: +7.48
- Point B: +7.32
- Point C: +2.34
- N.P.T.: +/- 0.0

Vertical Dimensions:

- From N.P.T. to the bottom of the foundation wall: 6.05
- From the bottom of the foundation wall to the top of the foundation wall: 2.10
- From the top of the foundation wall to the bottom of the first floor slab: 3.80
- From the bottom of the first floor slab to the top of the first floor slab: 1.91
- From the top of the first floor slab to the bottom of the second floor slab: 3.59
- From the bottom of the second floor slab to the top of the second floor slab: 0.26
- From the top of the second floor slab to the bottom of the roof slab: 0.14
- From the bottom of the roof slab to the top of the roof slab: 0.14
- From the top of the roof slab to the ground level: 7.68
- Total height from N.P.T. to the top of the roof slab: 7.52

Structural and Material Indications:

- The foundation walls are shown with a dotted pattern.
- The first floor slab contains a grid of rectangular reinforcement bars.
- The second floor slab contains a grid of rectangular reinforcement bars.
- A diagonal hatching pattern is used to represent the roof structure.
- Vertical hatching is present on the left side of the building.
- A central vertical opening or chimney is indicated by a triangle with a circle inside.
